

Choosing the correct size for your cremation ring is very important. We've put together two different ways in which you can find the right size cremation ring to order from the comfort of your own home. Should you need additional assistance with sizing for your cremation ring, have questions about sizing or general questions about choosing a cremation ring, please call us at 1-877-723-7229 or send us an email at sales@jewelrykeepsakes.com.

Sizing with paper

- Things you'll need - scissors and a printer.
- Print the Ring Sizer shown below
- Using the scissors, make a small slit where the sizer says "Your Size".
- Place the pointed end of the sizer through the slit, creating a circle shape out of the paper.
- Slip the paper circle on the finger where the ring will be worn and pull the pointed end to create a fit that is snug but not uncomfortable.
- Check the corresponding number on the paper and this will be the proper ring size. The hash marks in between the numbers indicate a 1/2 size.
- Tips: Have some assist if possible and always measure more than once to double check accuracy.

Sizing with jewelry

- Things you'll need - a printer.
- Print off the ring sizer circles on this page.
- Select a ring that is worn on the same finger as the ring being purchased will be worn.
- Put the ring on top of a circle and continue until you find a circle where the ring sits on the circumference of the circle.
- Tips: Double check your measurement for accuracy.

Size 3 14.0 MM	Size 3.5 14.4 MM
